Parent/Carers Acceptable Use Policy 2017

- I have read and discussed the Acceptable Use Policy with my child
- I know that my child will receive online safety (e-Safety) education to help them understand the importance of safe use of technology and the internet, both in and out of school.
- I am aware that any internet and computer use using school equipment may be monitored for safety and security reasons and to safeguard both my child and the schools systems. This monitoring will take place in accordance with data protection and human rights legislation.
- I understand that the school will take all reasonable precautions to ensure that pupils cannot access inappropriate materials but I appreciate that this is a difficult task.
- I understand that if the school has any concerns about my child's safety online, either at school or at home, then I will be contacted
- I understand that if my child does not abide by the school Acceptable Use Policy then sanctions will be applied in line with the schools behaviour policy. If the school believes that my child has committed a criminal offence then the Police will be contacted
- I, together with my child, will support the school's approach to online safety (e-Safety) and will not deliberately upload or add any images, video, sounds or text that could upset, threaten the safety of or offend any member of the school community
- I know that I can speak to the school Online Safety (e-Safety) Coordinator Mr Graeme Garthwaite, or my child's teacher if I have any concerns about online safety (e-Safety)
- I will visit the school website for more information about the school's approach to online safety as well as to access useful links to support both myself and my child in keeping safe online at home
- I will visit www.thinkuknow.co.uk/parents, www.nspcc.org.uk/onlinesafety, www.internetmatters.org, www.saferinternet.org.uk and www.childnet.com for more information about keeping my child(ren) safe online
- I will support the school and my child by role modelling safe and positive online behaviour (such as sharing images, text and video responsibly) and by discussing online safety with them when they access technology at home
