Science Curriculum Evening

Yesterday evening children, parents and carers came along and sampled a plethora of exciting science activities, such as: an Eco-Warriors' Fashion Show; the final of the Great British Bake Off children's competition; workshops provided by Hillview School for Girls and Hugh Christie Technology College; forensic science workshops; and sublime science workshops, involving magic tricks and sweet making. The £156.00 raised from the coffee and cake stall on the evening will be donated to Great Ormond Street Children's Hospital. The evening was very well attended and was a great success! A big thank you to Miss Leppard who organised the event and to everyone who came along and all who made it possible.

1W Class Assembly

This morning 1W held their class assembly. They talked about their trip to Horton Kirby to explore plants and their science learning on their own bodies and senses. They read senses poems and some they had written themselves and sang songs about them. It was lovely to see so many parents and carers enjoying the assembly.
