Academic Year 2014/15

Friendship Week
Primary Admissions
Children in Need
Netball and Hockey Practice
PACT Cake Sale
Griffin Class visit to Herstmonceux
Year 4 visit to Sainsbury's Maths Challenge

Friendship Week

As mentioned in our letter, earlier this week, children may come to school wearing blue on Monday.

This can be all blue, or just something blue.

There are lots of activities planned for the week, ending with the release of blue balloons on Friday, with a prize for the child whose balloon travels the furthest. All the balloons and string are bio-degradable. Last year we know that the balloons travelled as far as Germany.

Primary Admissions

If you have a child due to start School in September 2015 applications must be made before 15th January 2015. Having a brother or sister at Cage Green does not give them automatic entry, a form still needs to be completed either online or a paper copy, that can be collected from the School Office.

Children in Need

The school was in safe hands today, with so many heroes and superheroes in school. Both children and staff looked amazing. Wonder Women is still counting the money! We will let you know how much we raised next week.

PACT Cake Sale

Hopefully you spotted the queue to buy cakes this afternoon. PACT cakes are always delicious and hopefully they all went and a large amount of money was raised for the Phoenix Centre.

Netball and Hockey Club

Miss McNeill is unable to take netball practice this Monday or the week after, therefore for the next two weeks it will be on Wednesday afterschool.

Unfortunately Hockey Club is also cancelled for the next two weeks due to teacher commitments.

Griffin Class Visit to Herstmonceux

The children in Griffin Class visited Herstmonceux yesterday. They built a wooden bridge, to walk across and worked their way round all the 'hands on' science experiments, learning about forces and electricity to name a few.

They had a great time and we would strongly recommend this as a fun day out during the school holidays.

Year 4 visit to Sainsbury's

The children in Year 4 walked down to the Sainsbury's Local yesterday morning in order to buy some morning snacks. It was part of their maths lessons, as a practical use of monetary transactions.

Some clever combining of money was arranged so that larger items could be bought and shared. A very successful morning.

National Maths Challenge

Mr Garthwaite took Isobel, Robin, Yasmin and Harry to Southborough yesterday to take part in a national maths challenge.

They had a fun afternoon and came away with 'goodie bags' each. Certificates will be awarded in assembly in due course. As always the children were a credit to the school.
